EDUCATION

- KARUNYA INSTITUTE OF TECHNOLOGY AND SCIENCES, COIMBATORE** **DEC 2021- MAY 2025**
Computer Science Engineering Specialization in AI
CGPA - 7.51
- LIONS MATRIC HR SEC SCHOOL, PARAMAKUDI**
10TH PERCENTILE - 83.6
12TH PERCENTILE - 84.6

WORK EXPERIENCE

EXASLATE

JUNE 2024 PRESENT

WEB DEVELOPER INTERN

- Developing and maintaining web applications(E-Commerce Website)with a focus on real-time performance.
- Tech Stack : Material UI Typescript, Next.js, Node.js

SMARTKNOWER

AI INTERN

JUNE 2022 - JULY 2022

- Developed data preprocessing, feature engineering, and model evaluation using tools like Python, TensorFlow, and scikit-learn.

INTERNZLEARN

FEB 2024 - MAR 2024

WEB DEVELOPER INTERN

- Developed and Built responsive web applications with React and NextUI.

PERSONAL PROJECTS

- ChatBot Development**
 - Technologies:** Hugging Face, PlayHT, Gradio, LangChain
 - Description :** Created an interactive chatbot using Hugging Face, PlayHT, Gradio, and LangChain to provide real-time, engaging conversational experiences.
- Heart Disease Prediction Using ML**
 - Technologies:** Numpy, Pandas, Scikit-Learn, Logistic Regression, QDA, Decision Tree, Random Forest
 - Description:** Developed a heart disease prediction model using various machine learning techniques on the UCI Cleveland Heart Disease dataset, achieving high accuracy in predicting heart disease.

TECHNICAL SKILLS

Languages - Python ,Java ,JavaScript ,MySQL ,HTML, CSS, NextJS ,React , Numpy ,Pandas

Technologies/Framework

- [Intermediate]** : Node JS, NextJS/UI, Tailwind CSS,Angular JS
- [Beginner]** : MongoDB, Express JS

CERTIFICATIONS

- Certification on Data Science, Artificial Intelligence, Machine Learning, DBMS etc...
- Completed courses on online platforms such as Kaggle, Courseera, Udemy in the domain of Java and Python
- Microsoft Azure (AZ-900)
